## Plans and pricing

### Beginner: Free!

A **limited account** with one web app at `your-username.pythonanywhere.com`, restricted outbound Internet access from your apps, low CPU/bandwidth, no IPython/Jupyter notebook support.

It works and it's a great way to get started!

## Nominate your teacher

As part of our [Education beta](#), you can now nominate another PythonAnywhere user to be your "teacher". [Find out more](#).

**Warning!** this means they have full access to all your consoles, files and folders on PythonAnywhere, so you should make sure it's someone you trust!

You can revoke their access at any time by resetting the input field below. Blank means you don't have a teacher.
